A Letter From the Provost:

We are pleased to share with you many of the accomplishments of students, faculty, staff and alumni through this newsletter. In May, we graduated more than 200 students and look forward to another record-breaking freshman class this fall. Our dedicated faculty and staff are ready and eager to serve the students' needs as we all work together to challenge, motivate, and enhance their lives.

Your financial gifts are making a difference for our students. Over the past few months, we received the Deremer farm located just 15 miles from campus; the Gustafson family established the Oscar "Gus" Gustafson Agriculture Scholarship; the Bright family established the Lorna and Simeon M. Bright Memorial Scholarship for West Virginia resident students; and the Skip Hackworth Scholarship has been established in honor and recognition of his service in his tenure as superintendent of Mineral County Schools. For all of these gifts we are truly grateful.

We're looking forward to another great year. Your generosity and dedication have enabled us to expand and improve the campus, and to provide our students with tremendous opportunities. We are thankful for your support and continued interest in Potomac State College of West Virginia University. We hope to see you at Homecoming on October 15th!

Sincerely,

Kerry S. Odell, Ph.D.
Campus Provost

Dr. Elizabeth Atwater to Return to Campus 2011 Homecoming

When Dr. Elizabeth Atwater's students talk about her, it's with respect and admiration. One immediately realizes that these alums hold her in such high esteem because of the profound effect she has had on their lives.

Dr. Atwater came to the College in the Fall of 1939 and immediately immersed herself in the lives of her students, from directing plays and teaching to supervising the writing, editing and layout of the *Pasquino*, the school newspaper.

Dr. Atwater distinguished herself with enthusiasm and dedication during her 39-year career at Potomac State where she served as professor and coordinator of the journalism department as well as a speech instructor.

Former students have achieved successes beyond their dreams; including positions like the dean of a journalism school, vice president of the Associated Press in New York City, professors at Massachusetts Institute of Technology, numerous journalists, and owners of public relations firms are just a few of the achievements earned by former students who benefitted from Dr. Atwater's tutelage and standard of excellence.

Cat Scratch Fever

The Catamounts had a winning season this past year; some even 'hit one out of the ballpark'.

The **baseball** team returned home to cheers and applause at a reception held in their honor after placing third at the JUCO World Series in Grand Junction, Colorado.

The **women's basketball** team hit the hoops hard this year going undefeated in the Western Pennsylvania Collegiate Conference and winning the Pennsylvania Collegiate Athletic Association.

The **golf** team didn't putter around this season as they made their fourth consecutive trip to the Nationals and ended up 15th in the nation.

The **women's volleyball** team nearly aced the season with 20 wins and only 5 losses.

Having more than twenty games rained out didn't put a damper on the **women's softball** team. They still managed to win the Western Pennsylvania Collegiate Conference.

The **women's soccer** team drop-kicked most of the competition with a record of 11 wins, 2 losses and 1 tie.

Men's soccer ended the season with a record of 8 and 6.

Men's basketball ended the season with a record of 16 wins and 13 losses.
